

My dearest Friend — Tuesday Night —

We were all rejoiced to see
Josey, and to hear from you, I give you joy
of the Possession of the Hills — how wonder-
-fully providence appears for us! — we slept very
little last night; this morning I went early to
Milton to hear the News — and as we were go-
ing we all saw Men on the Hill, Heaven
preserve 'em there! and may this week prove
a victorious one to our Country. — —

That I am anxious for your Safety I need
not tell you — May you be the means of doing much
good in this day of trial — I humbly commit
you to the care of that Providence who is able
to Protect us when in the most Eminent Danger.
Take a prudent care of yr Life which is
dear and precious, to yr most affectionate
Eliza Palmer
